# Feedback from the field

# Tim Downs | Orlando, FL

“MJ has helped us to engage the dads as well as their sons. This is all gravy, the meat is **the building of relationships between father and son**, prompting conversations that bring them closer together.

Additionally, most important is building **their relationship with Jesus Christ.**

The weekend was a **huge success.**”

# Rick Nieves | Cypress, CA

“Embarking Module **far exceeded my expectations.**

The conversations that came from the questions were awesome and the Holy Spirit ministered in such a beautiful way to both boys and fathers.

We all **grew and bonded with our sons and each other** and agreed to continue on to the next module.”
