

HELPING DADS BECOME DISCIPLE-MAKERS

God's allowed us to reach more than 150,000 dads in the last ten years. Wow.

About ten years ago, we published a few father & son Bible studies. Since then, God's opened door after door. He's allowed us to be part of a movement of Biblical fatherhood in the USA and beyond. Fathers are essential to the future of our churches and communities. They are "upstream" from many societal issues, and if we equip them to be disciple-makers, we reap a huge spiritual return on that investment. Please check out the information below and prayerfully consider whether He might be asking you to help us reach more dads and families. To God be the glory.
